EMERGING TECHNIQUES IN COMPLEX SPINE
A Bioskills Experience

September 15 & 16, 2012
MS Ramaiah Advanced Learning Center
Bangalore, India

Co-Chairs:
Dr. Sajan Hegde
Dr. Dilip Sengupta
**CO-CHAIRS**

Dr. Sajan Hegde  
Chair, Spine Unit  
Apollo Hospital  
Chennai, India

Dr. Dilip K. Sengupta  
Associate Professor  
Department of Orthopaedic Surgery  
Spine Center  
Dartmouth-Hitchcock Medical Center  
Lebanon, New Hampshire

**INVITED FACULTY***

Dr. Sashin Ahuja  
Orthopedic Surgeon  
Spire Cardiff Hospital  
Cardiff, Wales

Dr. Abhay Nene  
Consultant Orthopedic & Spine Surgeon  
Hinduja Hospital  
Mumbai, India

Dr. Mahesh Bijjawara  
Consultant Spine Surgeon  
Bhagwan Mahaveer Jain Hospital  
Bangalore, India

Dr. Alpesh A. Patel  
Associate Professor  
Division of Spine Surgery  
Loyola University  
Chicago, Illinois

Dr. Tapan K. Daftari  
Resurgens Orthopedics  
Atlanta, Georgia

Dr. Kern Singh  
Associate Professor  
Department of Orthopedic Surgery  
Co-Director, Minimally Invasive Spine Center  
Rush University Medical Center  
Chicago, Illinois

Dr. Ravi Gopal Varma  
Head, Department of Neurosurgery  
MS Ramaiah Medical College and Teaching Hospitals  
Bangalore, India

Dr. Harsha Hegde  
Senior Consultant & Director  
Department of Orthopedics  
Fortis Hospital  
New Delhi, India

Dr. Upendra B.N  
Consultant Spine Surgeon  
Brain & Spine Specialist Surgeons  
Bangalore, India

Prof. Arvind Jayaswal  
All India Institute of Medical Science  
New Delhi, India

Dr. K. Appaji Krishnan  
Orthopedic Surgeon  
Chennai, India

Dr. R. Sivakumar  
Chief Orthopedic & Spine Surgeon  
Preethi Hospital  
Madurai, India

*Faculty subject to change*

Questions?

Please call Shibu Puthanpura at +91 9381249206 or email Nazie Dana at ndana@indoamericanspine.org
The Indo-American Spine Alliance (IASA) is a not-for-profit organization chartered in 2012, following a grass roots effort by spine surgeons of Indian origin outside of India. The mission of the IASA is “To facilitate and promote collaborative interaction between spine professionals of Indian origin and other interested surgeons from India, America and abroad to improve surgical education, to further spine research, and to advance care for patients afflicted with spine ailments in India.” Simply put, the vision for IASA is to become the preeminent source for open and transparent collaboration in research, education, and patient care among spine professionals of Indian origin.

This workshop marks the debut of the group’s efforts toward its educational mission. We believe a combination of didactic and in-depth hands on bioskills training on emerging spine techniques, supported by a strong international and local faculty separates this program from others.

We welcome your attendance and look forward to your active participation.

The MS Ramaiah Advanced Learning Center is a state of the art facility comprising of a Cadaver Lab, Drug Testing Lab, Tissue Bank, and Clinical Research Center for educating both medical students and professionals alike.
